

## **North Carolina State Health Plan Pricing Policy (the “Plan Policy”)**

**Published: June 21, 2019**

**Effective: January 1, 2020**

This State Health Plan Pricing Policy applies to Blue Cross and Blue Shield of North Carolina’s (“Blue Cross NC’s”) calculation of certain contractual allowances (“fees”) for items and services delivered to and billed for Members of the North Carolina State Health Plan (the “Plan”) under the North Carolina State Health Plan Network Participation Agreement (the “Plan NPA”).

### **Rural Hospital Designation**

For purposes of certain fee calculations that Blue Cross NC performs on behalf of the Plan under the Plan NPA, each facility listed on Schedule 1 to this Plan Policy is deemed a “Rural Hospital.” Any facility or other provider that is not listed on Schedule 1 does not qualify for reimbursement as a “Rural Hospital” under the Plan NPA. Notwithstanding any contradictory provision in the Plan NPA or this Plan Policy that would allow for more frequent updates, Schedule 1 will be updated no more than once per year and any such update shall be made prior to November 1 of the calendar year in which it is made for an effective date of January 1<sup>st</sup> of the following year. For the sake of clarity, if Schedule 1 is updated in 2020, such update will issue prior to November 1, 2020 for an effective date of January 1, 2021.

### **General Pricing Principles**

1. These general pricing principles apply to the pricing of all services for the Plan with the exception of professional services. The applicable principles for professional services are addressed in the separate “Pricing Development and Maintenance Policy BETOS/CCS.”
2. When Plan pricing is based on rates published by Medicare, such rates will be updated at least once per year. Any updated rates will be effective when fully implemented for the Plan and will not be applied retroactively to claims that have previously been processed.
  - a. On the effective date of this Plan Policy, all claims submitted on behalf of Plan Members will be priced in accordance with the most current rates that have been implemented for the Plan at that time.
3. For purposes of the Plan NPA and except where expressly stated otherwise, all references to “current” Medicare rates, rate schedules, fee schedules, or otherwise are referring to the applicable rates that have been fully implemented for the Plan at the time a claim is processed.
4. Nothing in this Pricing Policy will obligate the Plan to make payment on a claim for a service or supply that is not covered under the terms of the applicable Benefit Plan. Furthermore, the determination of a code-specific fee does not guarantee payment for the service.
5. In the event that any external pricing source reference listed in this Plan Policy changes (e.g. a new Medicare intermediary is selected), references in this Plan Policy will be deemed to refer to the superseding source.

### **Pricing For “All Other Services”**

1. The pricing for All Other Services under Section 13 of the North Carolina State Health Plan Network Master Reimbursement Exhibit (“AOS Pricing”) may be reviewed and/or updated from time to time.
2. Any updates to the AOS Pricing shall be made upon no less than 60-days notice in accordance with Section 2.3.1 of the Plan NPA.
3. Some codes that are listed as specific codes in the CPT/HCPCS manuals relate to services that can have wide variation in the type and/or level of service provided. These codes will be treated in the same manner as general codes.
4. Drug services that are not otherwise subject to pricing under an applicable pricing methodology may be priced using the National Drug Code for drugs that are filed using general or unlisted codes, or codes that may be used for multiple drugs.
5. DMEPOS items or services, which are not otherwise subject to pricing under an applicable pricing methodology, that are filed using general or unlisted codes must include the applicable manufacturer’s invoice and will be priced at the lesser of your reasonable charge or 10% above the invoice price.
6. AOS Pricing is as follows:
  - a. **OCE #18 Codes** - Certain procedures that CMS does not price or pay – and that are subject to denial under edit #18 in the Outpatient Code Editor (“OCE”) – when performed in an outpatient setting will be priced in accordance with a clinically-comparable Ambulatory Payment Classification (“APC”). The relevant codes are listed under “Section I - OCE #18 Codes” in the attached Schedule 2.
  - b. **Misc. OCE Codes** – Certain procedures that CMS does not price or pay – and that are subject to denial under OCE edits #9, 28, 50, 61, 62, 72 – will be priced at a fixed fee associated with the relevant code listed under “Section II – Misc. OCE Codes” in the attached Schedule 2.
  - c. **Addendum EE Codes** – Certain procedures that CMS does not price or pay when performed in an ambulatory surgery center – and that are identified on Addendum EE published by CMS – will be priced based on a fixed case rate associated with the relevant code listed under “Section III – Addendum EE Codes” in the attached Schedule 2.
  - d. **All Other Codes** – Any procedure or code that is subject to AOS Pricing, but cannot be priced in accordance with any of the foregoing provisions of this Plan Policy, will be priced based on Individual Consideration or, if no price can be determined, 50% of your reasonable charge, which shall be determined in accordance with Section 8, below.
7. **Fee Determination for General or Unlisted Code and Codes designated Individual Consideration**
  - a. If a general or unlisted code is filed despite the existence of a code specific to the service or procedure, a fee will be assigned for the more specific code to determine the fee under an applicable reimbursement policy.

- b. The assignment of a fee for a given general or unlisted code does not preclude the assignment of a different fee for a subsequent service or procedure under the same code. The determination of a fee for a service billed for a given general or unlisted code may vary from a previously determined fee based on new or additional information that subsequently becomes available regarding the service in question or other similar services.
- c. If a general code (e.g. 21499) or unlisted code is submitted because a code specific to the service or procedure is nonexistent, or a code is submitted where no pricing source is available, a fee will be assigned to the code. Pricing will be based upon fees paid to comparable providers for similar services under a similar health benefit plan and/or by applying a 12-month claims review to determine average allowed.
- d. Some procedures charged separately by you may be combined into one procedure for reimbursement purposes under applicable policies and guidelines. Clinical judgment may be used to make these determinations, and medical records may be used to determine the specific service(s) rendered.
- e. Some codes that are listed as specific codes in the CPT/HCPCS manuals relate to services that can have wide variation in the type and/or level of service provided. These codes will be treated in the same manner as general codes.

**8. Fee Determination Based on a Percentage of Your Reasonable Charge**

- a. When application of the Plan Policy results in a fee for a given service based upon a percentage of your reasonable charge, you are obligated to ensure that: (1) all such charges billed are reasonable; (2) all such charges are consistent with your fiduciary duty to your patient and the Plan; (3) no charges are excessive in any respect; and (4) all such charges are consistent with and no greater than the amount regularly charged to other health plans.

**Drug Services BETOS/CCS Categories 228 and 240**

- 1. Drug Service fees will be updated on a quarterly basis.
  - 2. Fees will be determined based upon the following hierarchy and criteria. The first of the following criteria that can be used to establish a price will be the applicable source:
    - a. 105% of Blue Cross NC Specialty Pharmacy Drugs<sup>1</sup>
    - b. 125% of CDC Private Sector Price<sup>2</sup>
    - c. 100% of NC Medicare Part B Drug Fee Schedule, or if not available<sup>3</sup>;
    - d. 105% Wholesale Acquisition Cost, or if not available;
    - e. 95% of Average Wholesale Price
- If none of the above sources contain a price for the applicable code, the Allowed Amount will be based upon:
- f. Individual Consideration

---

<sup>1</sup> The Specialty Pharmacy Drug list with Drug Class (category) is available on the BlueCrossNC.com website on the following link: [http://www.bcbsnc.com/assets/providers/public/pdfs/specialty\\_pharmacy\\_drugs\\_list.pdf](http://www.bcbsnc.com/assets/providers/public/pdfs/specialty_pharmacy_drugs_list.pdf)

<sup>2</sup> All vaccines contained on the CDC Price List will be cross-walked to a CPT code. If more than one CDC listed Brandname/Tradename vaccine maps to a single CPT code, BCBSNC will apply the mean (average) Private Sector Cost/Dose price as the fee for the applicable CPT code. If the CDC Vaccine Price List contains more than one Private Sector Cost/Dose price for a particular Brandname/Tradename vaccine, BCBSNC will apply the lowest Private Sector Cost/Dose price when determining the fee.

<sup>3</sup> 1st published Medicare file to be effective on January 1.

**Mid-Level Provider Reimbursement**

1. The reimbursement rate for physician’s assistants, nurse practitioners, family practice nurses, and nurse midwives will be 85% of the evaluation and management service categories’ reimbursement rate.
2. The reimbursement rate for providers of behavioral health care services who do not hold a Medical Doctor (MD), Doctor of Philosophy in Psychology (PhD), or Doctor of Psychology (PsyD) degree will be 75% of the reimbursement rate for providers who hold a MD, PhD, or PsyD degree.

**Qualified Non-physician Anesthetist and an Anesthesiologist in  
a Single Anesthesia Procedure**

Where a single anesthesia procedure involves both a physician medical direction service, and the service of the medically directed qualified non-physician anesthetist, the payment amount for the service of each is 50 percent of the allowance otherwise recognized had the service been furnished by the anesthesiologist alone. For the single medically directed service, the physician will use the QY modifier and the qualified non-physician anesthetist will use the QX modifier.
